## Project completed

The project Diversity Inside Out has been completed. The partners had their last meeting in the middle of July, where they discussed what they will take with them from the project and how the main products of the project can be used.

Here you can see a video about the last part of the project, click on the picture to watch the video:

Promoting diversity and equality for all

The partners met for the last time in July.

## Satisfaction with the conversation clubs

The third part of the project were conversation clubs about diversity in the workplace.

There was high engagement in both countries. What the participants felt stood out were the diversity cards. You can access the cards [here](#).

80% of participants said they left the training with better knowledge of diversity and inclusion in the workplace.

Participants said after the training:

„The conversation and sharing was the most enjoyable and beneficial aspect of the session for me“.

„Puts things into perspective. Learning about different realities“.
